CHAPTER I.—GWALIOR.

The Gwalior Residency comprises the States, Estates and Guaranteed Estates named below, which are in political relations with the Government of India through the Resident at Gwalior. In these areas the Resident possesses jurisdiction in criminal matters in respect of British subjects, Europeans, Americans, and Government servants. He exercises further residuary jurisdiction in Khaniadhana and Umri¹ which extends to the trial of all heinous offences by whomsoever committed and to the hearing of appeals against the orders of the local courts of these Estates.

The territories now included in the Gwalior Residency were separated from the Central India Agency with effect from the 15th of March, 1921, but the Agent to the Governor General in Central India still exercises the powers of a High Court for the purposes of criminal jurisdiction within the Residency, except in proceedings against European British subjects or persons charged jointly with European British subjects.

The remainder are guaranteed only in the possession of *tankas* (money payments) and the jurisdiction in these lands vests in the States in which they are situated.

CHAPTER II.—RAJPUTANA.

The Rajputana Agency comprises the following six subordinate Political Agencies:—

Agency.	States and Chiefships.
Mewar Residency. ¹	Udaipur (Mewar).
Jaipur Residency.	Jaipur. ²
	Kishengarh.
	Lawa.
Western Rajputana States Residency.	Jodhpur (Marwar).
	Jaisalmer.
Eastern Rajputana States Agency.	Alwar.
	Bharatpur.
	Dholpur.
	Karauli.
Haraoti and Tonk Agency.	Kotah.
	Tonk. ³
	Bundi.
	Jhalawar.
	Shahpura.
Southern Rajputana States Agency.	Banswara (including Kushalgarh).
	Dungarpur.
	Pratabgarh.

The states of Bikaner and Sirohi are in direct political relations with the Agent to the Governor General.

The only jurisdiction exercised by political officers in the States of Rajputana is in respect of British subjects, Europeans and Americans, and Government servants, except as follows:—

- (a) The Raja of Shahpura exercises full civil and criminal jurisdiction within his State subject to the condition that every person sentenced to death or transportation for life has the right to submit a petition for mercy to the Agent to the Governor General in Rajputana, whose advice on the subject the Raja is bound to accept.⁴
- (b) The Chief of Kushalgarh exercises full civil and criminal jurisdiction within his estate, subject to the restriction that the proceedings in cases in which the accused have been convicted of offences punishable with death or trans-

¹ The Gangapur pargana of Gwalior and the Nandwai pargana of Indore are also in the Mewar Residency.

² The Jaipur Durbar exercises jurisdiction, *e.g.*, in heinous offences and important civil suits, in the pargana of Kot-Putli which the Raja of Khetri, a feudatory of Jaipur, holds as a fief of the British Government. But the latter reserve the power as suzerain to intervene should this arrangement cease to be satisfactory.

³ The outlying parganas of Chhabra, Pirawa and Sironj were withdrawn from the political charge of the Resident at Gwalior and the Political Agents in Malwa and Bhopal, respectively, in 1910.

portation for life are submitted for the approval of the Political Agent and all sentences in such cases require the confirmation of the Agent to the Governor General.

- (c) The Thakur of Lawa exercises in criminal cases the powers of a 1st class Magistrate and in civil cases is empowered to hear suits up to a value of Rs. 1,000, provided in each case that neither he nor his relatives or servants are concerned in the proceedings.

Appeals from the Thakur's decisions lie to the Resident, Jaipur, who exercises residuary powers as District Magistrate and District and Sessions Judge and disposes of original work—whether civil or criminal—which the Thakur is not empowered to deal with.¹

- (d) The Chief of Nimrana, a feudatory of the Alwar State, exercises "civil and criminal jurisdiction within his estate, subject only to such conditions as the British Government be pleased to lay down from time to time for the guidance of Chiefs of a like position and status."²

- (e) In the Salt Sources of Sambhar, Didwana, Luni, and Pachbhadra situated in the States of Jaipur and Jodhpur, the British Government has acquired jurisdiction in all matters connected with the manufacture, sale and removal of salt, and the prevention of unlicensed manufacture and smuggling.³

- (f) The Courts of Vakils established in the different Agencies for the disposal of cases of an inter-jurisdictional character were abolished in 1927 with the exception of the Deoli Court, to which all cases which cannot be dealt with in the local courts of the various States are now referred. The Court is guided by the local Political Agent to whom all decisions are submitted for confirmation. The Vakils attending on the Agent to the Governor General still sit as an appellate court and make recommendations to the Agent to the Governor General whose confirmation is also required for all sentences of death or of imprisonment for a term exceeding seven years.

A similar jurisdiction was acquired at Phalodi in 1879 by agreement with the Jodhpur Durbar: but manufacture was discontinued there in 1892 and the source was finally closed in 1897. The Luni source has been closed since 1887.

The following Administered Areas in Rajputana are subject to British jurisdiction, namely:—

The Parganas of—

No. 1823-I.B., dated the 25th June, 1918.—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, and of all other powers enabling him in that behalf, the Governor General in Council is pleased to make the following law for the assessment and collection of land-revenue in the District of Abu.

1. *Short title, local extent, and commencement.*—This law may be called the Abu Revenue Law, 1918;

It extends to the District of Abu as defined by the notification of the Government of India in the Foreign and Political Department, No. 2221-I.B.,² dated the 1st October, 1917; and

It shall come into force at once.

2. *Interpretation clause.*—In this Law—

(a) “Collector” means the officer who for the time being holds or officiates in the appointment of District Magistrate of Abu.

(b) “Revenue Officer” includes—

(1) the Collector; and

(2) any person whom the Agent to the Governor General in Rajputana may, from time to time, appoint by name or by office to do anything required by this law, to be done by a Revenue Officer;

(c) “land-revenue” includes all dues imposed on the land in the District of Abu previous to this law; and includes taxes on cattle;

(d) “malguzar” means a person liable individually or jointly for the payment of land-revenue.

3. *Rules as to instalments and times and places of payment.*—The Agent to the Governor General may, from time to time, make rules for the assessment of the land-revenue, and as to the instalments by which and the places and times at which the land-revenue in respect of any estate shall be paid, and as to the mode in which notice of such assessment, instalments, places and times shall be given to the persons concerned.

¹ For other Local Laws made under the Indian (Foreign Jurisdiction) Order in Council, 1902, *see* the Orders relating to Courts, *supra*.

² Superseded by Notification No. 264-I., dated the 24th April, 1929. Printed *supra*, p. 75.

Until the Agent to the Governor General otherwise directs, the practice in respect of such matters prevailing at the time this law comes into operation shall continue.

4. "*Arrear*", "*Defaulter*".—Any sum not paid as required by section 3 or the rules framed thereunder shall be deemed to be an arrear of land-revenue, and every person liable for it shall be deemed to be a defaulter.

5. *Issue of warrant of arrest*.—When an arrear of land-revenue has accrued, the Collector may issue a warrant ordering any defaulter to pay the whole or any part of such arrear within a time therein specified, and may empower an officer named in such warrant, in the event of the amount demanded not being so paid, to arrest such defaulter and bring him to the tahsil.

6. *Order to bring defaulter to district headquarters*.—If, when the time named in such warrant has expired, the defaulter is brought to the tahsil, and does not either pay such amount or the portion thereof remaining unpaid (as the case may be), or show good reason for extending the time for payment thereof, the Collector may direct him to be conveyed to the Collector's headquarters, and there kept under personal restraint for ten days or until he pays such amount or such portion thereof within that period.

7. *Delegation to subordinate Revenue officer of powers under sections 5 and 6*.—The Collector may empower any Revenue officer subordinate to him, and not being of lower grade than that of Tahsildar, to exercise the powers conferred on the Collector by sections 5 and 6.

8. *Commitment to civil jail*.—If the amount named in any warrant issued under section 5 or the portion thereof remaining unpaid (as the case may be) is not paid within the period of ten days fixed by section 6, and no good reason for the delay in the payment thereof is shown, the Collector may, by his warrant, commit the defaulter to the civil jail, to be there detained for such period not exceeding six months, or, if such amount or such portion thereof is more than five hundred rupees, for such period not exceeding one year, from the date of such warrant, as such Collector thinks fit, unless such amount or such portion thereof is sooner paid.

9. *Discharge of defaulter on enforcement of process under section 12*.—Whenever any of the processes provided in section 12 is taken in respect of an arrear of land-revenue, any defaulter whose holding has been attached, shall, if he is in custody under section 5, 6 or 8, be forthwith discharged.

10. *Attachment and sale of moveable property*.—Instead of, or in addition to, the proceedings authorised by sections 5 to 8 inclusive, the Collector may, in order to realize the whole or any portion of an arrear of land-revenue, order the attachment and sale of the moveable pro-

perty of any defaulter with the exception of the following, that is to say—

- (a) implements and materials used in husbandry and animals kept for agricultural purposes;
- (b) implements of trade or of domestic industry; and
- (c) the necessary wearing-apparel of such defaulter and of his wife and children.

11. *Procedure to be followed.*—Every attachment and sale ordered under section 10 shall be conducted as nearly as may be according to the law in force for the time being for the attachment and sale of moveable property in execution of a decree of a Civil Court.

12. *Power to attach land.*—When an arrear of land-revenue has accrued in respect of any land, the Collector may, in addition to, or instead of, the processes hereinbefore specified, cause such land or any part thereof to be attached and taken under the direct management of any agent whom he appoints in that behalf.

13. *Effect of attachment.*—During the continuance of an attachment under section 12 the defaulters shall be excluded from possession of the land attached, and the agent appointed by the Collector shall stand for all purposes in their position, being bound by all their liabilities to any subordinate proprietors, incumbrancers or tenants of, or on, such land, and being entitled to manage such land, and to receive all rents and profits accruing due to such defaulters therefrom.

14. *Profits of land how applied.*—The surplus profits of such land, after defraying the cost of attachment and management, shall be applied, first, to the payment of any land-revenue falling due upon such land during the attachment, and next, to discharging the arrear of land-revenue.

15. *Attachment when to cease.*—The attachment shall continue until the arrear of land-revenue is paid or realized from the profits of the land, or the Collector thinks fit to reinstate the defaulters in possession.

16. *Recovery of arrears by attachment of immoveable property other than estate.*—When an arrear of land-revenue cannot be recovered by any of the processes hereinbefore described, the Collector may, with the previous sanction of the Agent to the Governor General, order the attachment under sections 12 to 15, inclusive, of any immoveable property of the defaulters other than that in respect of which such arrear has accrued, and may apply the provisions of those sections to such property until such arrear is discharged.

17. *Recovery of land-revenue due, rent on Government lands, etc., other moneys.*—The provisions of this law shall, as far as may be apply to the recovery of the following, that is to say:—

- (a) Land-revenue due at the time when this law comes into operation;

- (b) rent payable to the Government in respect of land owned by the Government or held under direct management in exercise of the powers conferred by section 12 or otherwise;
- (c) fees, costs or other money payable under this law or under any rule made in exercise of a power conferred by this law.

18. *Other malguzars to pay to headmen.*—In any estate or village in which headmen have been appointed, the remaining malguzars shall be bound, on demand made by the headmen fifteen days before an instalment of land-revenue falls due, to pay to such headmen the portions of such instalment which as between themselves are chargeable to their holdings respectively.

But no proceedings shall be instituted or maintained by a headman for the recovery of any sum so chargeable to a holding in an estate or village after the Collector has informed such headman that the Government demand on such estate or village has been remitted to an amount equal to such sum, and that such remission has been granted with special reference to such holding.

19. *Additional powers which may be conferred on Revenue Officers.*—The Agent to the Governor-General may, subject to any restrictions imposed by the Governor General in Council, invest any Revenue officer by name or by office for any of the purposes of this law with any of the following powers, to be exercised by him in any part of the district of Abu and in any specified class of cases:—

- (a) power to delegate the exercise of any power or the performance of any duty to a subordinate Revenue-officer;
- (b) power to review any decision or order given by him which is not open to appeal, or from which, if open to appeal, no appeal has been preferred;
- (c) power to call for the proceedings of any subordinate officer, and review any order or decision given therein, which is not open to appeal, or from which, if open to appeal, no appeal has been preferred.

20. *Functions of Collector how discharged.*—Except as may, from time to time, be otherwise directed in the exercise of a power conferred by any enactment for the time being in force, the functions of a Collector under any enactment for the time being in force shall be discharged by the officer who holds the appointment of Collector under this law.

21. *Agent to the Governor General's power of revision.*—The Agent to the Governor General may call for the record of any proceedings held by any Revenue-officer, and may pass such order thereon consistent with this law as he thinks fit.

22. *Additional power to make rules.*—In addition to the other matters for which the Agent to the Governor General is empowered by this law to make rules, he may, from time to time, make rules consistent with this law—

- (b) for the appointment and removal of circle headmen, village headmen and patels;

- (g) generally to carry out the provisions of this law.

23. *Power to prescribe penalty for breaches of rules.*—The Agent to the Governor General may, in making any rule under this law, attach to the breach of it, in addition to any other consequences that would ensue from such breach, a punishment, on conviction before a Magistrate, not exceeding rigorous or simple imprisonment for a term which may extend to one month, or fine which may extend to two hundred rupees, or both.

24. *Rules how to be published.*—No rule made by the Agent to the Governor General under this law shall take effect until it has been published in the official gazette.

Force of rules.—All such rules when so published shall, in so far as they are consistent with this law, have the force of law.

- (b) When such order or decision is given by the Collector—to the Agent to the Governor General.

26. *Second appeals.*—If in any case the order or decision given in appeal under clause (a) of section 25 reverses or modifies the original order or decision on a point material to the merits of the case, and is not hereinbefore declared to be final, the Agent to the Governor General may receive a second appeal if on perusal of the grounds of appeal, and of copies of the orders or decisions already given, a further consideration of the case appears to him to be requisite for the ends of justice.

(2) The Agent to the Governor General may, from time to time, fix the number of shops for which licenses may be granted under sub-rule (1), and the exclusive right to sell opium, other than preparations or admixtures of opium used for smoking, or poppy-heads, or both, by retail at these shops may be put up to auction by the Collector at or before the commencement of each official year, either for each shop singly or for groups of shops, as the Collector, subject to the control of the Agent to the Governor General, sees fit.

(3) The conditions of the auction mentioned in sub-rule (2) may be such that the sum payable in respect of the shop or shops, as the case may be, by the person declared to be the purchaser at the auction shall be paid by that person in such instalments and at such times, and that such security may be required from him for the payment thereof, as, subject to any instructions that may be issued by the Agent to the Governor General in this behalf, the Collector in each case directs.

6. *Cancellation of license for retail sale.*—(1) A license granted under the last foregoing rule may be cancelled without compensation by the Collector for breach of any of the conditions thereof.

(2) Where the Collector considers that any such license should be cancelled for any cause, other than a breach of its conditions, he shall remit a sum equal to the average amount payable to fifteen days of the period for which the license was granted, and shall either give fifteen days' previous notice of his intention to cancel the license, or, in addition to remitting the sum aforesaid, make such compensation for default of notice as the Agent to the Governor General directs. On the expiration of the notice, or on the payment of the additional compensation, the Collector may cancel the license.

7. *Surrender of licenses for retail sale.*—(1) A licensed vendor may surrender his license on the expiration of one month's previous notice given by him in writing to the Collector, of his intention to surrender the same, and on payment of such sum as the Collector may fix in this behalf, not exceeding the average amount payable for six months of the period for which the license was granted, or where the license is granted for a shorter period than one year, then for half that period.

CENTRAL DEPÔT.

1. Stamps for the aforesaid areas shall be supplied from the Central Depôt at Bombay on the indent of the officer in charge of the local depôt at Abu.

2. The Superintendent of Stamps at Bombay, on receiving an indent from the local depôt, shall have it examined to ascertain that it is such as to ensure the local depôt having a proper supply and may comply with the indent in full or in part, as he thinks fit. If he thinks that the indent should be increased, he should request the officer who submitted the indent to submit a supplementary indent.

LOCAL DEPÔT.

3. There shall be a local depôt at Abu for the custody and sale of stamps.

4. The local dépôt shall, unless the Honourable the Agent to the Governor General in Rajputana otherwise directs, maintain a supply of stamps not less than the probable consumption of 10 months.

5. As soon as the number of stamps in the local dépôt falls below the number issued from the dépôt in the preceding 12 months, the officer in charge of the dépôt shall prepare an indent for a supply equal to the probable consumption of six months. The indent shall show in separate columns for each denomination of stamp, of which a supply is required, the total of the balance in the local dépôt, the quantity sold in the preceding 12 months, and the quantity indented for, which should be approximately one-half of the quantity sold in the preceding six months. This indent will be forwarded direct to the Superintendent of Stamps, Bombay.

6. If the supply of stamps in the local dépôt should run short before the receipt of the supply from the Central Dépôt the officer in charge of the local dépôt should indent for a supply from a neighbouring dépôt, sending a copy of the indent to the Superintendent or Commissioner of Stamps of the province or such other officer as the Local Government may direct.

7. As soon as possible after the arrival of a supply of stamps from a central dépôt or from another local dépôt, the officer in charge of the local dépôt shall personally examine the outward appearance of the boxes or packets and satisfy himself that they bear no marks of having been tampered with. He shall then have the boxes or packets opened in his presence and the contents of each box or packet counted either by himself or in his presence, immediately on its being opened. In no case must a second box or packet be opened until the contents of the first have been completely examined and verified and placed in the proper receptacles as required by rule. The number and value of stamps received shall be compared by the officer in charge with the invoice submitted or with the passed indent and a receipt shall be sent not later than seven days after the arrival of the stamps to the officer who sent the stamps.

8. The officer in charge shall personally count with his own hands all stamps not received in sealed packets of the value of Rs. 25 and upwards. Stamps below the value of Rs. 25 which are not received in sealed packets with unbroken seals may be counted either by the officer in charge or in his presence. In the case of stamps received in sealed packets marked as containing a certain number of stamps, one packet in 10 of each denomination shall be opened and counted at the time of receipt by the officer in charge or in his immediate presence. If all those counted be found correct, the remainder may be left, with seals unbroken, to be counted when

given out from custody, under double lock. The officer in charge is responsible for observing any such instructions and for satisfying himself as to the number of stamps received before signing the receipt. The inside wrappers of packets of stamps which bear the initials of the officers through whose hands the packets passed before issue from England should invariably be preserved till the whole contents of the packets have been examined and found correct.

9. If any of the stamps received are found to be unfit for issue, they should be at once returned to the Superintendent of Stamps, Bombay. Stamps which are through any accident rendered unfit for issue at any time after receipt should be similarly returned to the Superintendent of Stamps, Bombay, as soon as their unfitness is discovered. The necessary entries on account of stamps so returned should be made in the monthly statement (Rule 17) and in the *plus* and the *minus* memoranda (Rule 18).

10. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in the store under double lock in the presence of the officer in charge arranged in parcels and packets containing known quantities, the amount and value of each denomination being entered at the same time in a register maintained to show the receipts and issues to and from the store under double lock. These entries shall be checked by the officer in charge at the time the stamps are deposited, and the correctness of the arithmetical calculations of additions to balance, as well as for the values compared with quantities,* shall be verified and initialled by him at the time. The register shall then be placed with the stamps in the double lock receptacles and shall not be removed therefrom, nor shall any entries be allowed to be made therein except in the presence of the officer in charge.

11. The registers of receipts and issues of stamps from the store under double lock shall be in the form prescribed by the Punjab Government. They shall be kept in bound books as follows:—

- (1) Non-Judicial stamps.
- (2) Foreign Bill stamps.
- (3) Hundi stamps.
- (4) Share transfer stamps.
- (5) General book.

* N.B.—In all cases where stamp registers have to be checked, the actual check of quantities against values is a very important one; the correctness of the calculations of value must be tested in detail either by actual multiplication or by use of correctly prepared tables, and this check should never be omitted. This remark applies also to such of the following rules as prescribe a check of this kind. It is not necessary that the complete checking should be done by the officer himself. It will be sufficient if the officer personally checks 10 per cent. of the entries in each class of stamps, leaving the remaining entries in each class to be checked by a subordinate under his supervision.

The entries in these books should be made either by the officer in charge of the local dépôt himself or by such other official as the officer in charge may direct at the time of putting in or taking out stamps, but in the latter event the entries must be personally checked off by the officer in charge as the stamps are put in or taken out. Every entry of receipt should correspond with the invoice and should show from whence the stamps were received and every entry of issue should be vouched for by a passed *ex-officio* vendor's indent. A balance should be struck after each entry at the time of receipt or issue and attested by the signature or initials of the officer in charge who shall invariably be present during the whole time that the store under double locks or any part of it remains open.

12. The Tahsildar, Abu, or such other officer as the Honourable the Agent to the Governor General, Rajputana, may direct, shall be the *ex-officio* vendor of stamps in the local dépôt. Sales to the public or to licensed vendors shall not be made direct from the stores under double lock, such sales being made by the *ex-officio* vendor from the supply entrusted to him for this purpose, to be kept by him under single lock, as prescribed in the following rules.

13. The stock to be made over to the *ex-officio* vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. The *ex-officio* vendor will maintain a register of receipts and issues from single lock in the same form as the double lock register, and on a fixed date near the beginning of each month he will prepare an indent for the quantity for the month in a form showing the balances in his hands, an average month's consumption and the quantity required. When this indent is presented to the officer in charge, he will examine the single lock register, check the correctness of the arithmetical calculations made therein and compare the balance shown with the actual balance in the *ex-officio* vendor's hands. If he approves the Indent, he shall then give out the quantity required from the store under double lock, check the correctness of the entries made in the double lock register, see that they correspond with those made in the single lock register, initial both registers and return the double lock register into the double lock store. When it is necessary to issue stamps from the store under double lock more than once in one day, the above checks need only be applied at each time of issue to the particular descriptions of stamps issued. But at the end of each day the officer in charge should verify the whole balance of stamps in *ex-officio* vendor's hands and check his registers. The same procedure shall be followed if any stamps should be required at any intermediate date.

14. From the stock so made over to his charge and kept by him under single lock, the *ex-officio* vendor shall sell stamps to the public

and to licensed vendors for cash. He shall maintain the single lock register in the form mentioned in the preceding paragraph in English, or in Urdu or Hindi if he is not sufficiently acquainted with English, entering therein both in quantities and values the receipts from double lock, the daily sales and balance in his hands of each denomination at the end of each day. He shall pay monthly to the officer in charge of the local dépôt the cash received by him for stamps sold. The *ex-officio* vendor's register shall be balanced daily and the balance shall be attested by the initials of the officer in charge. Before signing this register the officer in charge shall see that all issues from the store under double locks have been brought to credit, and that the values of stamps written off as sold have been credited in the cash accounts. At the close of the last working day of each month, an abstract showing briefly the transactions of the month and containing (1) opening balance, (2) receipts during month, (3) sales during month and (4) closing balance, should be entered in the register after the last entry. The officer in charge shall verify the entries and certify that he has personally examined and counted the stamps of all descriptions in store, and that the transactions during the month have been correctly recorded.

15. On the last open day of September and March each year, the officer in charge of the local dépôt will count, or have counted in his presence, the stamps in his dépôt, both those under double lock and those under single lock and will record certificate in the following form:—

<u>General R</u> <u>Total R</u>	<p>I do hereby certify that I have personally examined and counted, or had counted in my presence, the stamps of all descriptions in store in his local dépôt on the <u>September</u> 19 , and found by actual calculation of numbers and values, not less than 10 per cent. of the entries having been checked by me personally, that the value of each description is as stated in the margin and the amounts agree with the balances shown in the Register for the period ending <u>September</u> . (If there is any difference, add "with the exception of the following differences" the explanation of which is as follows.)</p>
------------------------------------	--

16. The officer in charge of the local dépôt shall forward to the local Accountant-General or Comptroller such returns of the receipts and sales of stamps as the Comptroller General may direct, in the form of *plus* and *minus* memoranda or otherwise.

10. In the case of all dangerous petroleum kept or transported for the purpose of or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorized persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act, whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed or other place of storage referred to in condition 6 shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorized by the Local Government in this behalf.

Rules to regulate the importation, possession and transport of carbide of calcium in the District of Abu.

PART I.—OF IMPORTATION OF CARBIDE OF CALCIUM.

Applicable to maritime Provinces.

PART II.—OF POSSESSION OF CARBIDE OF CALCIUM.

1. *Carbide of calcium to be “commercially pure.”*—No carbide of calcium shall be kept at any place, with or without a license unless it is “commercially pure,” i.e., unless it contains no impurities liable to generate phosphoretted or siliciuretted hydrogen so as to render the gas evolved liable to ignite spontaneously.

2. *Conditions of possession and sale without license.*—No license shall be required for the possession of carbide of calcium (i) in any quantity not exceeding five pounds if it is kept in separate vessels, such containing not more than one pound, of the nature described in, and labelled as required by, rule 1 of Part V; (ii) in any quantity exceeding five and not exceeding twenty-eight pounds where the following conditions are observed and the vessels containing it are labelled as required by rule 1 of Part V:—

- (a) the carbide shall be kept only in metal vessels hermetically closed at all times when the carbide is not actually being placed in or withdrawn from such vessels;
- (b) the vessels containing carbide shall be kept in a dry and well ventilated place;
- (c) due precautions shall be taken to prevent unauthorized person from having access to the carbide;
- (d) notice shall be given of such keeping to the licensing authority referred to in rule 8 of this Part, and free access shall be afforded to any duly authorized inspector to inspect the portion of the premises where the carbide is kept and the generator, if any, is situated.

¹ For the application of provisions of the Indian Petroleum Act, 1899, to carbide of calcium, see Notification No. 2425—790-Intl., dated the 27th November, 1922. Printed *infra*, p. 256.

Where a fixed generator is used on the premises—

- (e) full and detailed instructions as to the care and use of the generator shall be kept constantly posted up in such place as to be conveniently referred to by the generator attendant.

Where it is desired to keep a greater quantity or where the above conditions cannot be complied with, application must be made to the licensing authority for a license.

3. *Licenses for possession.*—Carbide of calcium in any quantity exceeding twenty-eight pounds may be kept only under a license to possess carbide of calcium granted under these rules. Every application for such a license shall be in Form A in the schedule, and where the applicant proposes to engage in the manufacture of acetylene gas, the generating apparatus to be used by the licensee must, if manufactured in British India, have been examined by such competent authority as the Local Government or Administration of the province of manufacture may from time to time specially authorize in this behalf, and certified by it to be suitable; or, if imported, must either have been so examined and certified, or be of a type approved by the Committee on Acetylene Generators appointed by the Department of His Majesty's Inspector of Explosives, London.

4. *Storage of carbide of calcium.*—Notwithstanding anything contained in rule 3 of this Part, carbide of calcium may, with the special permission of the Local Government, and on such conditions as may be fixed by it, be stored without a license in premises provided for the purpose.

NOTE.—*This rule is intended to be applied only in the case of Port Trust and similar premises.*

5. *Situation of storage buildings.*—Carbide of calcium shall be stored,—

- (1) if in quantities aggregating not more than four hundred and fifty pounds—in a suitable uninhabited building at least twenty feet away from any other premises: provided that quantities not exceeding two hundred and twenty-five pounds may be stored in place connected with a shop at a distance of at least ten feet from other premises;
- (2) if in quantities aggregating more than four hundred and fifty pounds and not more than three thousand pounds—in a suitable uninhabited building at least forty feet away from any other premises;
- (3) if in quantities aggregating more than three thousand pounds and not more than fifty tons—in an uninhabited building at least one hundred feet away from any other premises.

Not more than fifty tons of carbide of calcium shall be stored in any one building.

6. *Construction of storage buildings.*—Every building for the storage of carbide of calcium shall be—

(a) constructed with stone, brick or iron walls, with terraced, tiled or iron roofs, and with tiled, paved or cemented, or iron (or steel) floors raised at least a foot above the ground level, and

(b) well ventilated and water-tight to the satisfaction of the licensing officer.

7. *Arrangements in storage buildings.*—Carbide of calcium shall be stored only on racks or trestles standing at least one foot above the level of the ground, and no articles of an inflammable or combustible nature shall be kept in the same building.

7A. If any carbide of calcium becomes wetted while being stored it shall be destroyed by immersion in deep water under instructions from the licensing authority. If, however, deep water is not available, the wet carbide of calcium shall be spread out in the open in an isolated position, all precautions being taken to prevent lights being brought near until the material has given off all its gas.

NOTE.—The fact of carbide calcium having become wet will be indicated by the outward appearance of the drum, and probably by a disagreeable odour showing a leakage of gas.

8. *Licenses for possession.*—Licenses to possess carbide of calcium shall be in Form B in the schedule, and may be granted by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

19. *Continuance of license.*—Every license for the possession of carbide of calcium shall remain in force until 31st December next following the date of issue of the license: provided that the licensing officer may, at any time, for good and sufficient reasons cancel any such license.

10. *Fee for license.*—The fee for a license to possess carbide of calcium shall be five rupees.

11. *Renewal of license.*—Every application for the renewal of a license to possess carbide of calcium shall be made in the same manner as an application for an original license.

12. *Date of, and fee for, application for renewal.*—Every such application shall be made at a date not less than fifteen days prior to the date on which the original license expires. The fee charged for the renewal of a license shall be three rupees.

13. *Packing and marking on sale by retail vendor.*—Every retail vendor of carbide of calcium, selling any quantity exceeding half a pound

¹ Substituted by Notification No. 680, dated the 12th May, 1923. *Gazette of India*, 1923, Pt. II, p. 855.

to a purchaser, shall deliver it to him in an air-tight tin or drum, packed and marked in accordance with these rules, and bearing the name of the vendor plainly printed on the package.

14. *Packing and opening by retail vendor.*—Every retail vendor shall keep his carbide of calcium in a receptacle which can be easily opened and closed again so as to be air-tight, and shall open for the purposes of sale, not more than one receptacle at a time.

PART III.—TRANSPORT OF CARBIDE OF CALCIUM.

1. *Conditions of transport without license.*—No license shall be required for the transport of carbide of calcium in any quantity not exceeding five pounds if it is packed in separate vessels, each containing not more than one pound, of the nature described in, and labelled as required by, rule 1 of Part V.

2. *Conditions of transport under license.*—Carbide of calcium in any quantity exceeding five pounds may be transported only under a license to transport carbide of calcium granted under these rules, and shall not be deposited at any time during transit in any building other than a building fulfilling the requirements of rules 5 and 6 of Part II, and shall not be stored in any such building except in accordance with the conditions as to storage prescribed by rule 7 of Part II.

3. *Conditions of transport by railway.*—Notwithstanding anything contained in rule 2 of this Part, carbide of calcium, while in the possession of a railway for transport, shall not be stored in any railway goods shed, but shall be stacked in the open under waterproof sheets and so placed as to prevent its getting wet.

4. *Special precautions.*—All lights shall be kept away from carbide of calcium stacked as provided in rule 3 of this Part.

5. *Method of disposal if wetted in transit.*—If any carbide of calcium is wetted while in the possession of a railway for transport, it shall be destroyed by immersion in deep water. If, however, deep water is not available, the wet carbide of calcium shall be spread out in the open in an isolated position, all precautions being taken to prevent lights being brought near until the material has given off all its gas.

6. *Condition of transport by passenger train.*—(1) Where carbide of calcium is transported by passenger train, no quantity exceeding four hundred and fifty pounds shall be carried by any one train and the vehicles shall be well ventilated and as far as possible water-tight.

(2) In no circumstances shall a naked lamp or other unprotected artificial light be taken into a wagon, vessel or conveyance containing carbide of calcium.

7. *Transport licenses.*—Licenses to transport carbide of calcium shall be either general or special in Form C or Form D in the schedule, and

may be granted by the District Magistrate or any Magistrate of the first class, or by such other officer as the Local Government may, from time to time, by an order in writing, appoint in this behalf.

8. *Grant of general transport license.*—A general license to transport carbide of calcium may be granted only to a person who holds an annual license to possess a quantity exceeding four hundred and fifty pounds of carbide of calcium.

9. *Grant of special transport license.*—A special license to transport carbide of calcium may be granted to any person for a particular consignment at the discretion of the licensing officer.

10. *Fee for general transport license.*—The fee for a general license to transport carbide of calcium shall be three rupees.

11. *Application for general transport license.*—An application for a general license to transport carbide of calcium shall state—

- (b) the period of currency of that license.

12. *Continuance of general transport license.*—A general license to transport carbide of calcium shall remain in force until the 31st December next following the date of issue of the license.

XII. The following conditions are prescribed for the sale of spirits in the district of Abu:—

PART I.

Conditions of auction sale of country spirit license.

(1) The privilege of the sale of country spirits in the liquor shop at Mount Abu will be disposed of by auction.

(2) A deposit of Rs. 50 must be made by each bidder previous to bidding and will be received at any time within three days previous to the date of sale.

(3) An upset price will be fixed at the discretion of the Collector. The reserve price placed by Government on the shop will not be published but the average of the previous five years' consumption will be notified by the Collector of Excise if possible for the information of bidders.

(4) No person will be allowed to bid for another unless he holds a power of attorney from him.

(5) The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a criminal court or has been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation, as to render him undesirable as a holder of a license, or on the ground that he is insolvent, or in order to prevent arrangements to the detriment of Government interests, or for any other valid reason which shall be recorded in writing. Bids which appear to the Collector to be of a speculative nature or which do not reach the reserve price may be rejected at the discretion of the Collector.

(6) Subject to the provision of rules 4 and 6 the shop will be knocked down to the highest bidder.

(7) In case of dispute during the sale the selling officer's decision shall be final. If for any reason the highest bid is rejected the next highest shall be taken or the shop re-sold at the selling officer's discretion.

(8) As soon as possible after the auction is completed the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, such person whose bid is accepted shall at once, if so required by the selling officer or otherwise at the close of the day's sale, make a further deposit* of half a month's rent (in addition to the deposit made under clause 3) for the shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so the deposit made by him under clause 3 will be forfeited and the shop will be put up again on the above conditions or otherwise disposed of as the Collector may determine, and the defaulter will be debarred from bidding again.

(9) The person to whom the shop has been knocked down and who has made deposits as provided in clauses 3 and 8 shall also deposit such further sum as with the former deposit make up two months' rent (to be paid within 10 days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement it will be binding on his heirs and assigns. Should the initial deposits exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause 10 *infra*.

(10) If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency he may be required either to deposit twice the sum prescribed in clause 9 *supra* or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule 1, Act II of 1899) and register at the expense of the purchaser if the amount secured exceeds Rupees one thousand.

(11) On the failure of any person to make deposit under clause 9 or to comply with the requisition under clause 10 *supra* or to execute engagements and take out licenses as aforesaid the deposits already made may be forfeited and the shop be re-sold or otherwise disposed of at the discretion of the Collector.

(12) Re-sales effected under clause 11 will be at the risk of the defaulting bidder who will forfeit all gain and in the event of a loss will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale and the remainder if any will be recoverable from the

defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

(13) The purchaser of the privilege is liable to the penalties prescribed for breaches of the condition set forth below though a formal license may not have been issued to him.

(14) The deposits referred to in clause 8 or 9 as the case may be will be taken as security for the due performance of the conditions of the license if the Collector and licensee so agree it may be credited towards the last instalment of the *kists* payable by the latter.

PART II.

General Conditions applicable to all Spirits and Fermented Liquor Licenses.

(1) The limits within which sales under any Excise licenses may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of spirit and fermented liquor outside those limits is prohibited.

(2) Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a shop. If there are means of communication between the shop and an adjoining dwelling house, they must be kept locked at night. The shop should have only a single opening into a public road. But with the approval of a Collector and under a special license a separate private bar may be provided. The shop shall be so constructed that the interior, whether of a public or private, bar may be visible from its doorway. The entrance to a private bar shall bear a sign-board showing that it is a private bar.

(3) Except in the case when two or more foreign spirit or fermented liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any spirit, fermented liquor, opium or intoxicating drug except that to which the license relates or of any essence or substances used for or capable of flavouring liquor is prohibited.

(4) A sign-board must be affixed to the front of the shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign spirit

(9) No robbers or thieves or disorderly or riotous persons shall be harboured in shops. Intimation of their resort thereto shall be given without delay to the nearest Police Station or headman of the village.

(10) No person shall be harboured in the shop during the night.

(11) Shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of Native Soldiers is passing or is encamped in the vicinity. And the licensee shall be bound to close his shop on the occasion of a riot or disturbance on his own initiative.

(12) The Collector may order the transfer of shops from one locality to another or their closure or the opening of new shops within limits as to number to be fixed by the Hon'ble the Agent to the Governor General in his discretion. But no new shops should be opened unless notice of the sites selected has been published locally three months before the commencement of the lease, and no such changes as affect the interest of adjacent shop-keepers shall be made during currency of a lease except under a special sanction of the Hon'ble the Agent to the Governor General. The Collector may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

(13) The right is reserved to the Collector to grant "Occasional Licenses" for the sale of spirit or fermented liquor on the occurrence

of fairs, etc., in places in the vicinity of which there are no regularly licensed shops. Such licenses shall ordinarily be granted to the shopkeepers who usually supply the locality. Their period shall not exceed ten days, and the fee to be paid therefor shall be fixed at the Collector's discretion.

(14) No spirit or fermented liquor shall be given to:—

- (i) any sailors or soldiers or the members of their families, except when supplied at licensed houses, refreshment rooms and shops which have been specially approved by the General Officer Commanding the Division (or Independent Brigade or the Officer Commanding the Cantonment, Sanitarium or Camp), and then only in respect to such spirits and fermented liquors as shall be approved by the same authority in consultation with the local Excise authorities, and specified in the vendor's license,

Such authority may be withdrawn at any time. No licensee shall absent himself for more than 15 days without appointing an agent with power of attorney. Such agent shall not be appointed without previous permission of the Collector.

(16) No holder of any spirit or fermented liquor license will be allowed, without special permission from the Collector, to possess any interest in any spirit or fermented liquor license in any foreign territory in which the duty is lower.

(17) Shops must be kept open unless their temporary or permanent closure is authorised by the Collector, and such supply of liquor as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be re-sold at the risk of the licensee.

(18) No spirit or fermented liquor shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign spirit or foreign fermented liquor for consumption off the premises.

(19) No spirit or fermented liquor in excess of the quantity prescribed for possession under paragraph VIII of these rules without a license shall be permitted to be removed by person at any one time from any licensed premises without a valid permit.

(20) The accounts of transactions shall be maintained from day to day in ink in the prescribed form. The accounts and permits shall be printed books which may be obtained from the office of the Collector of Excise on payment of cost price; permits for liquors received and the counterfoils of permits issued should be carefully filed. (ii) any officer of the Excise Department not lower than Inspector.

These officers are empowered to enter and examine the premises to test measures in use and the spirit and fermented liquor under sale, and to call for and check the accounts kept in the shop. Police officers will also make inspections when it comes within the scope or their duty.

(24) An inspection note book, with the pages numbered consecutively for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector or any officer authorised by him to receive it on a receipt being given therefor.

(25) The amount for which the privileges have been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the 15th of each month beginning with April unless otherwise specified.

(26) No remission or abatement of the rent shall be claimable on any account whatever.

(27) Any sum due by a licensee may be collected under the Land Revenue Law as provided by section 64 of Excise Regulation or adjusted from the deposit, if any, made by him at the commencement of the lease, or from any security given by him. He shall be bound to replace any sums adjusted from his deposit within 15 days of receipt of notice from the Collector.

(28) Power is further reserved to the Collector of Excise Revenue to suspend* licenses in case of failure of payment of *kists* on the due dates.

(29) In the event of suspension of a license for failure to pay arrears the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee but he shall have no right to gain if any such accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture. The officer who has the power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege.

(30) Interest on all moneys due shall be payable at the rate of 6 per cent. per annum.

(31) Infraction of any of the conditions of the license, either by a licensee or by any person in his employment, will entail on the licensee, under the orders of the Collector, either

(a) fine up to Rs. 50 or

(b) forfeiture of deposits, if any, and cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee.

The licensee or his agent may also be prosecuted for the specific offence committed.

The rent for the whole lease shall become at once due, when a lease is cancelled under this condition.

(NOTE.—For continuing breaches of a license, continuing fines may be imposed.)

(32) Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee, if the licensee be convicted before a Magistrate of any offence against the Excise Regulation or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable

(33) Licensees are bound to report to the Collector all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of spirit or fermented liquor, committing breaches of the Excise Laws or engagements entered into by them, and to comply with the Collector's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of spirit or fermented liquor without the Collector's permission.

(34) Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

(35) Any license shall be revocable by the Collector at his discretion, on giving the licensee 15 days' notice of such revocations, in which case a proportionate part of the fee will be refunded.

(36) All licensees shall be bound by any additional general rules that may be prescribed under the Excise Laws, and, if so required by the Collector or any officer authorised by him, to deliver up their licenses for amendment or for the issue of fresh ones.

(37) No person holding a license shall compound or bottle spirit unless he holds separate licenses authorising him to do so.

(38) No person who is licensed to sell liquor for consumption on his premises shall, without the previous permission in writing of the Collector, during the hours in which such premises are kept open for business, employ or permit to be employed, either with or without remuneration, any woman in any part of such premises in which such liquor is consumed by the public.

Should it appear to the Collector at any time that a re-arrangement of the work is rendered necessary, he will at once take steps to reduce or extend the number of hours and days during which the warehouse is to be opened.

purpose the Collector may sell any or all of the Government Promissory Notes or Stock Notes deposited or of the property hypothecated.

(18) The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding rule shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Excise Regulation I of 1915 or other law for the time being in force and relating to the Excise Revenue.

(19) If a warehouse keeper shall be convicted on prosecution before a Magistrate of any offence against the Excise Regulation I of 1915 or other law for the time being in force and relating to the Excise Revenue, it shall be lawful for the Collector to declare his license forfeited.

existing Excise Law or under any law which may hereafter be enacted and by special orders issued by the Collector and shall cause all persons employed by them in the issue, etc., of spirits to obey all such rules.

(25) Except as otherwise provided all orders passed and proceedings taken under these rules by officers of the department of the Excise shall be subject to appeal to their respective immediate superiors within two months. The decision of the Agent to the Governor General on any such appeal shall be final.

Blended or reduced spirits shall be kept in a separate receptacle.

No allowance will be made for wastage in such spirits after the addition of such matter and before removal into the warehouse. Such spirits shall be kept in a separate receptacle.

(30) No spirits shall be removed from the warehouse until they have been gauged and proved by the Officer appointed for the purpose. The gauging of spirits may be made either by actual measurement or by weighing.

NOTE.—When liquor is proved to be within one degree of issue strength no further reduction or blending of such liquor with the sole object of bringing the strength to exactly that prescribed shall be allowed by the warehouse officer.

(32) Allowance will be made for loss in transit by leakage and evaporation of spirits transported under bond up to the maximum amounts shown below:—

	Per cent.

The Collector's decision shall be final.

The allowance to be made under this rule will be determined by deducting from the quantity of spirits despatched from the Distillery, the quantity received at the place of destination, both quantities being stated in the terms of London proof gallons, and will be calculated on the quantity contained in each cask or other receptacle comprised in a consignment.
